

## INDOPLAS, INDOPACK and INDOPRINT postponed to 2 – 5 June 2021

**16 June 2020** - The Indonesian International Plastics, Packaging and Printing Exhibitions scheduled for September this year will be postponed to 2 – 5 June 2021. As Indonesia's leading all-in-one exhibition focusing on innovative technologies and solutions from the co-related plastics, packaging and printing sectors, the venue for INDOPLAS, INDOPACK and INDOPRINT remains unchanged at Jakarta International Expo (JIExpo), Indonesia.

With the evolving situation surrounding the COVID-19 pandemic, rescheduling the trade fair to 2021 was deemed necessary in the continued fight against the pandemic and on the back of tighter social distancing measures, border control and travel restrictions in many countries.

Mr Gernot Ringling, Managing Director, Messe Düsseldorf Asia, said: "It was a difficult but necessary decision and after discussions with our Indonesian partners - WAKENI, we felt it was in the best interest of all participants involved to postpone INDOPLAS, INDOPACK and INDOPRINT to 2021. The health and safety of all stakeholders is our top priority. With the move to next year, we also believe this will place all participants in the co-related industries in a stronger position to carry over the successful status of the trade fair to 2021."

"We are committed to meeting the expectations of our partners, local and international exhibitors and trade visitors, and look forward to further nurturing these trusted relationships as we work together towards the 2021 edition," he added.

Mrs Rini Sumardi, Director, Wahana Kemalaniaga Makmur, PT (WAKENI), said: "We would like to thank all our industry partners, exhibitors, and registered visitors from all over the world who have stood by the trade fair as we make these difficult decisions and appreciate their continued support with the new dates. We are taking immediate steps to provide all parties with the required support necessary."

"We are pleased that together we were able to find suitable alternative dates in order to provide all those affected with reliability in planning," she said.

The INDOPLAS, INDOPACK and INDOPRINT team will reach out to all industry partners, confirmed exhibitors and participants regarding event logistics and planning.
